

5G-TOURS: Smart mObility, media and e-health for toURists and citizenS

5G-TOURS is 5GPPP Phase 3 project, sponsored by European Commission (Horizon 2020, grant number 856950). The goal of 5G-TOURS is to get the European 5G Vision of “5G empowering vertical industries” closer to commercial deployment with highly innovative use cases involving cross-industry partnerships.

5G-TOURS is hosting a webinar series to show the outcomes and achievements from the various work packages and working groups in the project.

Webinar title: The role of broadcast and multicast in 5G-TOURS: High-quality video services distribution

Presenters: Manuel Fuentes and Carlos Barjau, UPV

Date: 25 June 2020, 10:00-10:45 CET

Webinar description: Webinar is about the use of broadcast and multicast technologies in 5G, integration and application to use case 4 in 5G-TOURS.
